

## Wycliffe White Gift Project for Summer

Wycliffe has a 911 Relief Fund that we as a class have decided to raise White Gift funds for. This fund is designed to help national Bible translators and their families who are facing starvation in remote and poverty-stricken parts of the world.

- The unemployment rate in some areas is over 50 percent.
- Government-ordered lockdown keeps some from farming their land.
- In other areas, lockdown keeps trucks from transporting and delivering food.
- Where food is available, prices have skyrocketed, making it impossible for these translators to buy any.
- Some families are so desperately hungry, they have no choice but to eat their own planting seeds—risking their tomorrows just to stay alive today.

Wycliffe's 911 Fund needs donations to help keep national Bible translators from starving. Bible translators from more than 50 language groups—in Bangladesh, Burkina Faso, Cameroon, Chad, Cote d'Ivoire, India, Indonesia, Malawi, Malaysia, Mali, Namibia, Niger, Nigeria, South Sudan, Tanzania, Togo, Uganda, Zambia, Zimbabwe, and many other countries that can't be named for security reasons—are pleading for food. Wycliffe's partners are on the ground. They can access food and deliver it—if they have the funding. Wycliffe will need \$400,000 to meet the rising demand in the next few weeks.

Please consider making extra contributions this summer toward this project to the New Covenant White Gift Fund. You can indicate this in the memo line of your check as “**New Covenant White Gift:Wycliffe 911 Fund**” and either mail your check to the church office or drop it by. But don't neglect your regular contributions to our White Gift Projects, which so far are more or less coming in as we need them for Datemas and Carol Brinneman.
